

GENERAL ORDER GO-134	DATE ISSUED: 02/14/2012	EFFECTIVE DATE: Immediately	Revised:	
			Date:	Section:
SUBJECT: Drug Testing Policy			02/26/2015	III. C,D,F,J
			4/4/2018	III. C,J,K,L,M
REFERENCES: AG Drug Testing Policy (Revised 2023) Somerset County Drug Testing Policy (Revised 2018)			5/24/2018	POLICY
			1/02/2020	III. C. 1. c.
			12/22/2020	V, VI, VII
ISSUED BY CHIEF: William E. Keane			08/01/2023	III,IV,V,VII, IX,XII

I. Purpose

The Warren Township Police Department has a legal responsibility and management obligation to ensure a safe work environment. There is sufficient evidence to conclude that use of illegal drugs, drug dependence and drug abuse seriously impairs an employee's performance and general physical and mental health. The goal of the policy is to deter illegal drug use by law enforcement officers. The policy provides law enforcement agencies with a mechanism to identify and remove those law enforcement officers engaged in the illegal use of drugs. Because illegal drug use is inconsistent with the duties, obligations, and responsibilities of sworn law enforcement officers, the policy mandates that officers who test positive shall be terminated from employment. The Warren Township Police Department has adopted the Attorney General's and the Somerset County's Law Enforcement Drug Testing Policies.

II. Policy

It is the policy of the Warren Township Police Department that the below procedures be adhered to when testing applicants, trainees and sworn members for the use of illegal drugs and/or abuse of prescribed drugs. This policy supersedes the New Jersey Law Enforcement Drug Testing Manual as well as prior versions of the Attorney General's Law Enforcement Drug Testing Policy. It has been revised in accordance with Attorney General Directive 2018-2 requiring the implementation of a random drug testing policy by all state, county and municipal law enforcement agencies.

The policy sets forth uniform methods and procedures for implementing and administering law enforcement drug testing. The policy further outlines the duties and responsibilities of the State's law enforcement agencies and chief executive officers with respect to the drug testing process. Every law enforcement agency under the authority of the Attorney General must implement a drug testing program consistent with this policy.

The policy seeks to ensure that the employment rights of individual law enforcement officers are safeguarded consistent with legal principles. As a result, the policy sets forth procedures for the uniform collection, submission, and analysis of drug test specimens. The procedure further seeks to ensure the accuracy and reliability of the drug testing process. Every law enforcement agency must administer its drug testing program in a way that is fundamentally fair to individual law enforcement officers and is consistent with due process requirements.

GENERAL ORDER GO-134	DATE ISSUED: 02/14/2012	EFFECTIVE DATE: Immediately	Revised:	
			Date:	Section:
SUBJECT: Drug Testing Policy			02/26/2015	III. C,D,F,J
			4/4/2018	III. C,J,K,L,M

			1/02/2020	III. C. 1. c.
			12/22/2020	V, VI, VII
ISSUED BY CHIEF: William E. Keane			08/01/2023	III,IV,V,VII, IX,XII

III. Procedure

A. Personnel

1. Applicants for a position as a law enforcement officer who, if appointed, will be responsible for the enforcement of the criminal laws of this State and will be authorized to carry a firearm under N.J.S.A. 2C:39-6.
2. Law enforcement officer trainees subject to the Police Training Act or in the pre-service training program of the New Jersey State police, while they attend a mandatory basic training course.
3. Sworn law enforcement officers who are responsible for the enforcement of the criminal laws of this State, come under the jurisdiction of the Police Training Act or are members of the New Jersey State Police and are authorized to carry a firearm under N.J.S.A. 2C:39-6.
4. The Law Enforcement Drug Testing Policy does not apply to civilian employees of a law enforcement agency. Agencies that wish to drug test civilian employees should consult with legal counsel to establish drug testing policies and procedures consistent with human resource policy and/or collective bargaining rights.

B. Employment Status

Drug testing may be categorized by the employment status of the individual being tested and the method by which the individual was selected for testing. These methods include applicant testing, trainee testing, and officer testing. Testing is required of all police applicants and trainees. Pursuant to AG Directive 2018-2, law enforcement agencies are required to implement a random drug testing program for all sworn officers in their departments. Further, law enforcement agencies have an independent obligation to undertake drug testing of individual officers and trainees when there is reasonable suspicion to believe that the officer or trainee is illegally using drugs or is under the influence of a controlled dangerous substance or cannabis during work hours.

Page 3 of 20

GENERAL ORDER GO-134	DATE ISSUED: 02/14/2012	EFFECTIVE DATE: Immediately	Revised:	
			Date:	Section:
SUBJECT: Drug Testing Policy			02/26/2015	III. C,D,F,J
			4/4/2018	III. C,J,K,L,M

			1/02/2020	III. C. 1. c.
			12/22/2020	V, VI, VII
ISSUED BY CHIEF: William E. Keane			08/01/2023	III,IV,V,VII, IX,XII

1. Applicant Testing

The Law Enforcement Drug Testing Policy recognizes that drug testing is an important component of a pre-employment background investigation. Thus, prospective employees should be drug tested as a condition of employment. The policy requires law enforcement agencies to be engaged in the hiring process to drug test prospective employees at any point during the pre-employment process.

In addition, applicants for employment may be tested as many times as the law enforcement agency deems necessary to ensure that the applicants are not engaged in the illegal use of drugs. For example, applicants who have been drug tested as part of the application process may be tested again if a significant amount of time has elapsed since the previous step in the employment process.

During the pre-employment process, the agency must ensure that it complies with the provisions of the Americans with Disabilities Act (ADA) by refraining from making any medical inquiries. Therefore, the Drug Testing medication information form should not be used at the applicant stage, unless a positive test result requires an explanation by the prospective employee.

2. Trainee Testing

Individuals hired as law enforcement officers who are required to attend and successfully complete a mandatory basic training course approved by the Police Training Commission or the New Jersey State Police are subject to drug testing during their attendance at a police academy. Trainees will be required to submit one or more urine specimens for testing while they attend a mandatory basic training course. The drug testing of law enforcement trainees will be conducted by the police academy staff under rules and regulations adopted by the Police Training Commission or the New Jersey State Police.

Individual trainees shall also be required to submit a urine specimen for testing when there exists reasonable suspicion to believe that the trainee is

GENERAL ORDER GO-134	DATE ISSUED: 02/14/2012	EFFECTIVE DATE: Immediately	Revised:	
			Date:	Section:

ISSUED BY CHIEF: William E. Keane			08/01/2023	III,IV,V,VII, IX,XII

illegally using drugs or is under the influence of a controlled dangerous substance or cannabis during work/training hours. A trainee shall be ordered to submit to a drug test based on reasonable suspicion only with the approval of the county prosecutor, the chief executive officer of the trainee's agency, or the academy director.

3. Officer Testing

Sworn law enforcement officers shall be ordered to submit a urine specimen for testing when they have been randomly selected to submit to a drug test. Random selection shall be defined as a method of selection in which each, and every sworn member of the law enforcement agency, regardless of rank or assignment, has an equal chance to be selected for drug testing each, and every time a selection is conducted.

Sworn law enforcement officers shall also be required to submit a urine specimen for testing when there exists reasonable suspicion to believe that the officer is illegally using drugs or is under the influence of a controlled dangerous substance or cannabis during work hours. An officer shall be ordered to submit to a drug test based on reasonable suspicion only with the approval of the county prosecutor or the chief executive officer of the officer's agency.

Urine specimens may also be collected from law enforcement officers during a regularly scheduled and announced medical examination or a fitness for duty examination. However, the collection and analysis of these specimens are not governed by this policy.

C. Types of Testing

1. Random Testing

Random drug testing of all state, county and local sworn law enforcement officers is required by AG Directive 2018-2. Random selection is defined as a method of selecting employees for drug testing in which every member of the agency, regardless of rank or assignment, has an equal chance of being selected each and every time a selection is made. The

GENERAL ORDER GO-134	DATE ISSUED: 02/14/2012	EFFECTIVE DATE: Immediately	Revised:	
			Date:	Section:
SUBJECT: Drug Testing Policy			02/26/2015	III. C,D,F,J
			4/4/2018	III. C,J,K,L,M
REFERENCES: AG Drug Testing Policy (Revised 2023) Somerset County Drug Testing Policy (Revised 2018)			5/24/2018	POLICY
			1/02/2020	III. C. 1. c.
			12/22/2020	V, VI, VII
ISSUED BY CHIEF: William E. Keane			08/01/2023	III,IV,V,VII, IX,XII

number of officers to be selected each time a random test is conducted shall be less than the total number of sworn officers employed by the agency. AG Directive 2018-2 requires a minimum of ten percent of the sworn officers within an agency be randomly tested each time. Each agency must perform a random test at least twice in every calendar year.

Agencies must establish a random drug testing program by rule, regulation or procedure. A municipal police department should have the appropriate authority adopt a rule or regulation as defined by N.J.S.A. 40A:14-118 mandating random drug testing. County, State or campus police agencies should have the appropriate administrative, executive or law enforcement official adopt a policy or procedure mandating random drug testing. Random drug testing cannot be implemented until the rule, regulation or procedure has been in effect for a minimum of 60 days.

The agency must choose a method of random selection which ensures that every sworn officer in the agency has an equal chance of being selected each, and every time a selection takes place. In other words, an officer who has been selected on one or more previous occasions for a random drug test is not excused from future tests. The mechanism for selecting officers can be as simple and inexpensive as placing names in a hat, or as complex and expensive as a custom computer program.

The random selection process should be verified and documented. The agency should permit representatives of the affected collective bargaining units to witness the selection process. Everyone present at the time of the selection, however, must understand that anyone who discloses the identity of an officer selected for random testing, or the fact that random selection is scheduled to take place prior to the collection of urine specimens, will be subject to discipline.

The Warren Township Police Department shall randomly select 10% of all sworn officers by utilizing the Info-Share Internal affairs Module "Drug Screening Randomizer" while in the presence of a collective bargaining representative (PBA representative).

GENERAL ORDER GO-134	DATE ISSUED: 02/14/2012	EFFECTIVE DATE: Immediately	Revised:	
			Date:	Section:

- a. Select the Drug Screening Randomizer under “Utilities”.
- b. Create a “New Drug Screening Package”.
- c. Select 10% from the drop-down percentage indicator.
- d. Print a report with the randomly selected staff.
- e. Sign the printed report, both the Monitor and PBA representative.
- f. Open “Status” and update selectee status.
- g. Scan and enter all paperwork under the documents tab.
- h. Notify selectees after the Lab results are received.
- i. Scan and enter the Lab results into Info-Share.
- j. Update and close the Drug Screening Package.

2. Reasonable Suspicion

Agencies must undertake drug testing when there is reasonable suspicion to believe a law enforcement officer is engaged in the illegal use of controlled dangerous substance or is under the influence of a controlled dangerous substance, including unregulated marijuana, or cannabis during work hours. Reasonable suspicion "requires objective facts which, with inferences, would lead a reasonable person to conclude that drug-related activity is taking or has taken place and that a particular individual is involved in that drug activity."

The reasonable suspicion standard is "less demanding" than the probable cause standard in two ways.³ First, the amount of evidence needed to satisfy the reasonable suspicion standard is less than that needed to satisfy the probable cause standard. ⁴ Second, the type of information used to satisfy the reasonable suspicion standard may be "less reliable than that required to show probable cause."⁵ The following factors should be evaluated to determine the quality and relevance of the information acquired by the law enforcement agency:

- a. The nature and source of the information.
- b. Whether the information constitutes direct evidence or is hearsay in nature.
- c. The reliability of the informant or source.

GENERAL ORDER GO-134	DATE ISSUED: 02/14/2012	EFFECTIVE DATE: Immediately	Revised:	
			Date:	Section:
SUBJECT: Drug Testing Policy			02/26/2015	III. C,D,F,J
			4/4/2018	III. C,J,K,L,M
REFERENCES: AG Drug Testing Policy (Revised 2023) Somerset County Drug Testing Policy (Revised 2018)			5/24/2018	POLICY
			1/02/2020	III. C. 1. c.
			12/22/2020	V, VI, VII
ISSUED BY CHIEF: William E. Keane			08/01/2023	III,IV,V,VII, IX,XII

- d. Whether corroborating information exists and the degree to which it corroborates the accusation; and
- e. Whether and to what extent the information may be stale.

Every law enforcement agency subject to the jurisdiction of the Attorney General must include in its rules and regulations a provision governing reasonable suspicion drug testing. Before a law enforcement executive may order an individual officer to undergo reasonable suspicion testing, the agency shall prepare a written report documenting the basis for the test. Under emergent circumstances, approval may be given for a reasonable suspicion test on the basis of a verbal report. Law enforcement executives who wish to discuss whether the information they possess is sufficient to conduct reasonable suspicion testing should contact their county prosecutor's office for advice.

3. Reasonable Suspicion Testing for Cannabis Use

Consuming or being under the influence of cannabis while at work or during work hours is strictly prohibited. Officers shall be tested for cannabis in the following situations:

- a. Upon reasonable suspicion of the officer's use of cannabis while engaged in the performance of the officer's duties, or
- b. Upon a finding of observable signs of intoxication related to the use of a cannabis item while engaged in the performance of the officer's duties.

In the above situations, the drug test shall include a physical evaluation by a Workplace Recognition Expert (WIRE) to determine the officer's state of impairment and a urinalysis.

IV. Notification of Drug Testing Procedures

A. Applicants

Agencies must notify applicants for law enforcement positions that the pre-employment process will include drug testing. The notification will also indicate that a negative result is a condition of employment and that a positive result will:

- a) result in the applicant being dropped from consideration for employment;
- b) cause the applicant's name to be reported to the central drug registry maintained by the Division of State Police; and
- c) preclude the applicant from being considered for future law enforcement employment for a period of two years from the date of the drug test.

In addition, the notification will indicate that if the applicant is currently employed by another agency as a sworn law enforcement officer and the officer tests positive for illegal drug use, the officer's employing agency will be notified of the test results and the officer will be terminated from employment and permanently barred from future law enforcement employment in New Jersey. Applicants shall be further informed that their refusal to submit to a drug test shall result in their no longer being considered for law enforcement employment in New Jersey.

B. Trainees

All newly appointed law enforcement officers shall be informed that drug testing is mandatory during basic training. Newly appointed officers shall also be informed that a negative result is a condition of employment and that a positive result will result in

- a) the trainee being dismissed from basic training;
- b) the trainee's termination from employment;
- c) inclusion of the trainee's name in the central drug registry maintained by the Division of State Police; and
- d) the trainee being permanently barred from future law enforcement employment in New Jersey.

Newly appointed officers shall be further informed that the refusal to submit to a drug test shall result in their dismissal from employment and a permanent ban from future law enforcement employment in New Jersey and inclusion of the trainee's name in the central drug registry maintained by the Division of State Police. Each police academy shall include in its rules and regulations a provision implementing drug testing during basic training.

collecting the specimens, the agency may request that a member of the same gender from another law enforcement agency serve as monitor of the process.

2. Prior to the submission of a specimen, an applicant for a law enforcement position shall execute a form consenting to the collection and analysis of their urine for illegal drugs. The form shall also advise the applicant that a negative result is a condition of employment and that a positive result will result in the consequences outlined in this policy. Applicants are not required to complete a Drug Testing Medication Information form at this time, unless a positive test result requires an explanation by the prospective employee. The Drug Testing Medication Information form shall be used if a conditional offer of employment has been made to the applicant.
3. Prior to the submission of a urine specimen, a trainee enrolled in a basic training course shall execute a form advising the trainee that a negative result is a condition of employment and that a positive result will result in the consequences outlined in this policy. The form shall also advise the trainee that the refusal to participate in the test process carries the same penalties as testing positive. Trainees shall complete a Drug Testing Medication Information listing all prescription medication, non-prescription (over the counter) medication, dietary supplements and nutritional supplements that were ingested by the officer during the past 14 days. The Drug Testing Medication Information form shall be placed in an envelope which is sealed by the donor. The donor shall date and initial the seal and write their unique identifier (Donor ID) on the envelope.
4. Prior to the submission of a urine specimen, an officer shall execute a form advising the officer that a negative result is a condition of employment and that a positive result will result in the consequences outlined Section III C of this policy. The form shall also advise the officer that the refusal to participate in the test process carries the same penalties as testing positive. Sworn officers shall complete the Drug Testing Medication Information form listing all prescription medication, non-prescription (over the counter) medication, dietary supplements and nutritional supplements that were ingested by the officer during the past

14 days. The Drug Testing Medication Information form shall be placed in an envelope which is sealed by the donor. The donor shall date and initial the seal and write their unique identifier (Donor ID) on the envelope.

B. Monitor's Responsibilities

1. The monitor of the specimen acquisition process shall be responsible for the following:
 - a. Ensuring that all documentation is fully and accurately completed by the individual submitting the specimen (the donor).
 - b. Collecting specimens in a manner that provides for individual privacy while ensuring the integrity of the specimen. Individual specimens and forms shall be identified throughout the process by the use of donor identification numbers (Donor ID). At no time shall a name appear on any form or specimen container sent to the Laboratory.
 - c. Complying with chain of custody procedures established by the Laboratory for the collection and submission for analysis of urine specimens.
 - d. Specimens shall be collected utilizing split collection kits supplied by the Laboratory. Under no circumstances shall a specimen be collected and submitted for analysis in a specimen container that has not been approved by the NJ State Medical Examiner Toxicology Laboratory. It is the responsibility of each agency to contact the Laboratory to obtain the Split Specimen Kits and Forensic Urine Testing Custody and Submission Form (CSF).
 - e. Collecting and submitting urine specimens in accordance with procedures established by the laboratory.
2. In order to ensure the accuracy and integrity of the collection process a monitor may:

WILMINGTON TOWNSHIP POLICE DEPARTMENT

ISSUED BY CHIEF: William E. Keane			08/01/2023	III,IV,V,VII, IX,XII

- a. Direct an individual officer who has been selected for drug testing to remove outer clothing (jackets, sweaters etc.), empty their pockets, and wash their hands under running water, before they produce a specimen.
 - b. Add tinting agents to toilet water and secure the area where the specimens are to be collected prior to specimen collection.
3. If the monitor has reason to believe that an individual officer will attempt to adulterate or contaminate a specimen, substitute another substance or liquid for their specimen, or compromise the integrity of the test process, the monitor may conduct a direct observation of the individual officer. If a monitor concludes that direct observation is necessary, he or she must document the facts supporting the belief that the officer will attempt to compromise the integrity of the test process before there can be direct observation.

C. Urine Specimen Collection Procedure

1. Unless otherwise noted, all steps must be completed by the donor in the presence of the monitor.
2. The monitor completes the agency information, donor identification, and test information sections of the Custody and Submission Form (CSF).
3. The monitor allows the donor to select one NJ Medical Examiner State Toxicology Laboratory issued sealed split specimen collection kit.
4. The donor unseals the split specimen collection kit, removes the specimen bag and specimen containers from the specimen collection container, and places all items on a clean surface.
 - a. The specimen containers shall be kept closed/unsealed at this time.
 - b. The specimen collection container and specimen containers should be kept within view of both donor and the monitor.

WILMINGTON TOWNSHIP POLICE DEPARTMENT

5. The monitor instructs the donor to void a specimen of at least 45 mL into the specimen collection container, to not flush the toilet, and return with the specimen container immediately after the specimen is produced.
6. The monitor checks the specimen for adequate volume and the temperature indicator strip on the specimen container within 4 minutes.
 - a. A color change between 90° and 100°F indicates an acceptable specimen temperature. The monitor indicates if the temperature is acceptable by marking either the “Yes” or “No” box in the specimen collection section of the CSF. If a temperature strip does not indicate the acceptable temperature, the monitor must consider the possibility that the officer attempted to tamper with the collection.
 - b. The monitor must follow the “shy bladder” procedure for donors that initially are unable to produce an adequate amount of urine (See “Shy Bladder” Procedure).
7. The monitor instructs the donor to split the collected specimen into the specimen containers.
 - a. The donor opens both specimen containers and pours at least 30 mL of urine from the collection container in the primary specimen container and at least 15 mL of urine from the collection container in the secondary specimen container.
 - b. The donor secures both specimen containers by placing and securing the lids/caps on the specimen containers.
8. The monitor instructs the donor to seal the specimen containers with tamper evidence seals from the CSF.
 - a. The donor carefully removes the Bottle A Specimen Container Security Seal from the CSF and places it over the lid/cap and down the sides of the primary specimen container with the greater volume of urine (30 mL).

- b. The donor carefully removes the Bottle B (SPLIT) Specimen Container Security Seal from the CSF and places it over the lid/cap and down the sides of the secondary specimen container with the lesser volume of urine (15 mL).
 - c. After the seals are placed on the specimen containers, the donor writes the collection date and his or her initials in the space provided on the security seals to certify that the specimen containers contain the specimen that he or she provided.
9. The monitor prints his/her name, signs and dates the monitor/agency acknowledgement section of the CSF.
10. The monitor instructs the donor to place both specimens in the front pouch of the specimen bag that contains the absorbent pad.
11. The monitor separates the white laboratory copy of the CSF, folds it, and places it in the rear pouch of the specimen bag along with the sealed medication information sheet, if provided.
12. The monitor seals the specimen bag by removing the release liner from the flap and folding the blue adhesive flap to cover the cross hatch slit opening.
13. Any remaining urine and the specimen collection container may be discarded.
14. The monitor will take possession of the sealed specimen bag and ensure that it is delivered to the NJ State Medical Examiner Toxicology Laboratory in a timely manner (See Submission of Specimens for Analysis below).

D. “Shy Bladder” Procedure

1. When a donor initially produces an inadequate amount of urine, the monitor must take the following steps:

WILMINGTON TOWNSHIP POLICE DEPARTMENT

Page 15 of 25

GENERAL ORDER GO-134	DATE ISSUED: 02/14/2012	EFFECTIVE DATE: Immediately	Revised:

ISSUED BY CHIEF: William E. Keane			08/01/2023	III,IV,V,VII, IX,XII

- a. Advise the donor to remain on the premises and under the supervision of the test monitor until the monitor is satisfied that the donor cannot produce a specimen.
 - b. While the donor is under supervision, allow the donor to drink up to 40 ounces of fluids distributed reasonably over a period of up to three hours in an attempt to induce the production of a specimen. The Monitor shall not direct the donor to ingest more than 40 ounces of fluid.
 - c. Under no circumstances should multiple voids be combined to produce an adequate sample volume.
2. If the donor remains unable to provide a specimen after a reasonable period of time, the monitor may have the donor examined by a doctor to determine whether the inability to produce a specimen was the result of a medical or physical infirmity or constituted a refusal to cooperate with the drug testing process.

E. Split Specimen

1. A donor whose specimen tested positive may only challenge the positive test result by having the split specimen independently tested by an accredited laboratory. The first specimen will not be retested.
2. The split specimen will be maintained at the Laboratory for a minimum of one year following the receipt of a positive drug test result from the Laboratory by the submitting agency.
3. The split specimen will be released by the Laboratory under the following circumstances:
 - a. The agency is notified by the Laboratory that the first specimen tested positive for a controlled substance.
 - b. The agency notifies the donor that the first specimen tested positive for a controlled substance; and

			1/02/2020	III. C. 1. c.
			12/22/2020	V, VI, VII
ISSUED BY CHIEF: William E. Keane			08/01/2023	III,IV,V,VII, IX,XII

c. The agency is informed by the donor whose specimen tested positive that he/she wishes to challenge the positive test result.

4. A representative of the second test laboratory may, in person, take possession of the second sample in accordance with accepted chain of custody procedures or the sample may be sent to the second test laboratory by commercial courier also following accepted chain of custody procedures.
5. Following testing of the split specimen, the independent laboratory will report the result of the split specimen drug test to the donor, to the submitting agency, and to the NJ State Medical Examiner Toxicology Laboratory medical review officer.

VI. Submission of Specimens for Analysis

- A. The NJ State Medical Examiner Toxicology Laboratory is the only facility approved for the analysis of law enforcement drug tests conducted under the Law Enforcement Drug Testing Policy. Law enforcement agencies are not permitted to use any other facility or laboratory for the purpose of analyzing urine specimens for illegal drug use by law enforcement officers.
- B. Urine specimens should be submitted to the Laboratory as soon as possible after their collection. In the event specimens cannot be submitted to the laboratory within one working day of its collection, the law enforcement agency shall store the specimens in a controlled access refrigerated storage area until submission to the Laboratory.
- C. Specimens may be submitted to the Laboratory by commercial courier using “next day delivery” or in person (appointments only).
- D. The Laboratory will inspect all documentation to ensure that it has been properly completed. Failure to include the appropriate documentation with each submission will cause the Laboratory to delay conducting an analysis of the specimen or specimens until the missing documentation is submitted.

GENERAL ORDER GO-134	DATE ISSUED: 02/14/2012	EFFECTIVE DATE: Immediately	Revised:	
			Date:	Section:
SUBJECT: Drug Testing Policy			02/26/2015	III. C,D,F,J
			4/4/2018	III. C,J,K,L,M

			1/02/2020	III. C. 1. c.
			12/22/2020	V, VI, VII
ISSUED BY CHIEF: William E. Keane			08/01/2023	III,IV,V,VII, IX,XII

E. In addition to ensuring that the appropriate documentation has been completed and submitted for each specimen, the Laboratory shall inspect each specimen for damage and evidence of tampering.

1. The Laboratory may reject any specimen it has reason to believe has been tampered with or is damaged; and
2. Notify the submitting agency in writing with the reason for rejection clearly stated.

VII. Analysis of Specimens

- A. The analysis of the first specimen shall be done in accordance with currently accepted procedures adopted by the State Toxicology Laboratory. These procedures shall include but not be limited to security of the test specimens, chain of custody, initial screening and confirmation testing, parent drug and metabolite cut-off levels and the issuance of test reports. In addition to the controlled substances listed below, every Law Enforcement Executive may request that specimens be analyzed for the presence of steroids.
- B. The Laboratory's drug testing procedures will screen specimens for the following controlled substances:

- ☐ Amphetamines
- ☐ Barbiturates
- ☐ Benzodiazepines
- ☐ Cocaine
- ☐ Methadone
- ☐ Opiates
- ☐ Oxycodone/Oxymorphone
- ☐ Phencyclidine
- ☐ Marijuana/Cannabis (**only** to be included in the testing process when: the officer is assigned to a federal task force; the officer holds a federally regulated license, which requires testing (e.g., pilot of commercial driver's license); the law enforcement agency is specifically required to test by the terms of a federal contract or federal grant; or as outlined in the reasonable suspicion sections.

WILMINGTON POLICE DEPARTMENT

Page 18 of 23

GENERAL ORDER GO-134	DATE ISSUED: 02/14/2012	EFFECTIVE DATE: Immediately	Revised:	
			Date:	Section:
SUBJECT: Drug Testing Policy			02/26/2015	III. C,D,F,J
			4/4/2018	III. C,J,K,L,M
REFERENCES: AG Drug Testing Policy (Revised 2023) Somerset County Drug Testing Policy (Revised 2018)			5/24/2018	POLICY
			1/02/2020	III. C. 1. c.
			12/22/2020	V, VI, VII
ISSUED BY CHIEF: William E. Keane			08/01/2023	III,IV,V,VII, IX,XII

- C. The State Laboratory utilizes a two-stage procedure to analyze specimens.
1. In the first stage, all specimens will undergo an initial screening. The initial screening determines whether one or more of the nine substances listed, and/or their metabolites are present at or above a designated cutoff. All presumptive positive specimens will undergo a second and more specific type of testing.
 2. The second type of testing will employ mass spectrometry detection for the definitive identification and quantitation of drugs and/or metabolites presumptively identified by the initial screen.
- D. When a specimen tests positive at both the initial stage and the second stage, a medical review officer assigned to the Laboratory will review the test results together with the medication information form submitted for the specimen. The medical review officer will seek to determine whether any of the substances listed on the form would explain the positive test result. The medical review officer may direct the agency that collected the sample to obtain further information from the individual being tested concerning the medications listed on the medical information form. The medical review officer will then issue a report indicating whether or not the sample tested positive due to a listed medication on the medication information form.
- E. Applicants for law enforcement employment are not required to submit a Drug Testing Medication Information form with their specimen. Therefore, if an applicant tests positive, the law enforcement agency, following notification from the Laboratory, must have the candidate complete the Drug Testing Medication Information form listing all prescription medication, non-prescription (over the counter) medication, dietary supplements, and nutritional supplements that were ingested by the donor during the 14 days prior to the specimen collection. The Drug Testing Medication Information form shall be placed in an envelope which is sealed by the donor. The donor shall date and initial the seal and write their Donor ID on the envelope. The agency is responsible for submitting the envelope to the Laboratory. A review of the form will be conducted by the medical review officer as outlined above.

GENERAL ORDER GO-134	DATE ISSUED: 02/14/2012	EFFECTIVE DATE: Immediately	Revised:	
			Date:	Section:
SUBJECT: Drug Testing Policy			02/26/2015	III. C,D,F,J
			4/4/2018	III. C,J,K,L,M
REFERENCES: AG Drug Testing Policy (Revised 2023) Somerset County Drug Testing Policy (Revised 2018)			5/24/2018	POLICY
			1/02/2020	III. C. 1. c.
			12/22/2020	V, VI, VII
ISSUED BY CHIEF: William E. Keane			08/01/2023	III,IV,V,VII, IX,XII

- F. In addition to the testing outlined above, specimens submitted to the Laboratory may be tested for additional substances at the request of the law enforcement agency submitting the specimen. The Laboratory has the ability through its own facilities, as well as facilities employed as references laboratories, to arrange drug testing for steroid abuse, as well as other currently abused chemicals.

VIII. Drug Test Results

- A. The State Toxicology Laboratory will provide written test results for every specimen submitted for analysis. All efforts will be made to deliver these reports within 15 working days of the submission. Reports will be addressed to the contact person listed on the specimen submission record. Positive test results will be sent to the contact person by certified mail.
- B. In some cases, the State Toxicology Laboratory will report that a specimen tested positive for a particular substance and that the information on the medication information form explains the test result. For example, the Laboratory may report that a specimen tested positive for barbiturates and a prescription for that barbiturate was listed on the form by the officer. At this point, it is the responsibility of the submitting agency to determine whether the officer had a valid prescription for that drug. Officers who do not have a valid prescription are subject to disciplinary action including termination by the agency.
- C. Under no circumstances will the State Toxicology Laboratory provide law enforcement agencies with verbal reports of drug test results. In addition, no individual or agency may ask the Laboratory to conduct a second analysis of a specimen that has already been analyzed.

IX. Consequences of a Positive Test Result

- A. When an applicant tests positive for illegal drug use:
1. The applicant shall be immediately removed from consideration for employment by the agency.

Page 26 of 26

GENERAL ORDER GO-134	DATE ISSUED: 02/14/2012	EFFECTIVE DATE: Immediately	Revised:	
			Date:	Section:
SUBJECT: Drug Testing Policy			02/26/2015	III. C,D,F,J

2. The applicant shall be reported to the Central Drug Registry maintained by the Division of State Police by the law enforcement agency to which the individual applied.
 3. The applicant shall be precluded from consideration for future law enforcement employment by any law enforcement agency in New Jersey for a period of two years.
 4. Where the applicant is currently employed by another agency as a sworn law enforcement officer, the officer's current employer shall be notified of the positive test result. Under these circumstances, the officer's current employer is required to dismiss the officer from employment and also report his or her name to the Central Drug Registry maintained by the Division of State Police.
- B. When a trainee tests positive for illegal drug use, or is found to have been consuming or being under the influence of cannabis or marijuana while at work/training or during work/training hours, subject to rules adopted by the Police Training Commission or New Jersey State Police:
1. The trainee shall be immediately dismissed from basic training subject to rules adopted by the Police Training Commission and suspended from employment by his or her appointing authority.
 2. Upon final disciplinary action by the appointing authority, the trainee shall be terminated from employment as a law enforcement officer.
 3. The trainee shall be reported to the Central Drug Registry maintained by the Division of State Police.
 4. The trainee shall be permanently barred from future law enforcement employment in New Jersey.
- C. When a sworn law enforcement officer tests positive for illegal drug use, or is found to have been consuming or being under the influence of cannabis or marijuana while at work or during work hours:

1. The officer shall be immediately suspended from all duties.
2. The officer shall be administratively charged and, upon final disciplinary action, terminated from employment as a law enforcement officer.
3. The officer shall be reported by his or her employer to Central Drug Registry maintained by the Division of State Police.
4. The officer shall be permanently barred from future law enforcement employment in New Jersey.

X. Consequences of a Refusal to Submit to a Drug Test

- A. Applicants who refuse to submit to a drug test during the pre-employment process shall be immediately removed from consideration for law enforcement employment and barred from consideration for future law enforcement employment for period of two years from the date of the refusal. In addition, the appointing authority shall forward the applicant's name to the Central Drug Registry and note that the individual refused to submit to a drug test.
- B. Trainees who refuse to submit to a drug test during basic training shall be immediately removed from the academy and immediately suspended from employment. Upon a finding that the trainee did in fact refuse to submit a sample, the trainee shall be terminated from law enforcement employment and permanently barred from future law enforcement employment in New Jersey. In addition, the appointing authority shall forward the trainee's name to the Central Drug Registry and note that the individual refused to submit to a drug test.
- C. Sworn law enforcement officers who refuse to submit to a drug test ordered in response to reasonable suspicion or random selection shall be immediately suspended from employment. Upon a finding that the officer did in fact refuse to submit a sample, the officer shall be terminated from law enforcement employment and permanently barred from future law enforcement employment in New Jersey. In addition, the appointing authority shall forward the officer's name to the Central Drug Registry and note that the individual refused to submit to a drug test. Please note that if there is no valid reason why an officer cannot produce a specimen, the officer's actions will be treated as a refusal. In addition, a

sworn law enforcement officer who resigns or retires after receiving a lawful order to submit a urine specimen for drug testing and who does not provide the specimen shall be deemed to have refused to submit to the drug test.

XI. Resignation/Retirement in Lieu of Disciplinary Action

A sworn law enforcement officer who tests positive for illegal drug use or refuses to submit to a drug test, and who resigns or retires in lieu of disciplinary action or prior to the completion of final disciplinary action, shall be reported by his or her employer to Central Drug Registry and shall be permanently barred from future law enforcement employment in New Jersey.

XII. Record Keeping

- A. Each law enforcement agency's Internal Affairs Unit shall maintain all records relating to the drug testing of applicants, trainees and law enforcement officers.
- B. Each agency's drug testing records shall include but not be limited to:
 1. All drug testing:
 - a. the identity of those ordered to submit urine samples.
 - b. the reason for that order.
 - c. the date the urine was collected.
 - d. the monitor of the collection process.
 - e. the chain of custody of the urine sample from the time it was collected until the time it was received by the State Toxicology Laboratory.
 - f. the results of the drug testing.
 - g. copies of notifications to the subject.

- h. for any positive result, documentation from the officer's physician that the medication was lawfully prescribed and does not render the officer unfit for duty.
- i. for any positive result or refusal, appropriate documentation of disciplinary action.

2. Random drug testing, the records shall also include the following information:

- a. a description of the process used to randomly select officers for drug testing.
- b. the date selection was made.
- c. a copy of the document listing the identities of those selected for drug testing.
- d. a list of those who were actually tested; and
- e. the date(s) those officers were tested.

- C. Drug testing records shall be maintained with the level of confidentiality required for internal affairs files pursuant to the New Jersey Internal Affairs Policy and Procedures.

XIII. Central Drug Registry

- A. Every law enforcement agency shall notify the Central Drug Registry maintained by the Division of State Police of the identity of applicants, trainees and sworn law enforcement officers who test positive for the illegal use of drugs or is found to have been consuming or being under the influence of cannabis or marijuana while at work/training or during work/training hours or refuse an order to submit to a drug test.
- B. A sworn law enforcement officer who tests positive for illegal drug use; is found to have been consuming or being under the influence of cannabis or marijuana
